To our Valued Customer,

Re: Morning Miracle V 12 – Schedule Delays

Please be advised that Morning Miracle has been delayed during its current voyage due to the impact of two “super typhoons” in succession.

Initial delays were caused by Super Typhoon “Phanfone” with subsequent delays by Super Typhoon “Vongfong”, the strongest typhoon to hit Japan this season.

The vessel is currently enroute to Australia and New Zealand and is expected to arrive in Brisbane 21/10 and Auckland 25/10.

We are doing our utmost to keep delays to a minimum.

Kind regards

Armacup
