Dear Valued Customers,

Notice Regarding Change of Bill of Lading

As per previous advisories, effectively May 1st 2025, Armacup is 100% owned by Wallenius Wilhelmsen.

Wallenius Wilhelmsen is the world's largest Roll On Roll Off shipping line, operating over 120 vessels globally.

We wish to advise you that Morning Camilla O2530, loading Japan November 6th-8th, will be the last voyage for which Armacup will issue Bills of Lading ex Japan.

Thereafter, all bookings and bills of lading will be handled and issued by Wallenius Wilhelmsen.

We are pleased to advise you that Wallenius Wilhelmsen will continue providing the same sailing schedules as you have become accustomed to with Armacup.

Please note that the booking and related operations currently handled by Armacup Japan will be transferred to Wallenius Wilhelmsen Ocean. However, the responsible personnel will remain the same and you may continue to use the existing Armacup email addresses and phone numbers for the time being.

Representative offices in Fiji, New Caledonia and New Zealand remain the same also.

For any further questions, please liaise with your usual Armacup representative.

Kind regards
